

CYO Sports Registration for the 2010-2011 School year

Participant's Registration for playing any CYO sport during the 2010-2011 school year **will begin July 1, 2010**. As you know, every child that plays any CYO sport is required to be registered with the CYO Office. A new registration is required each school year. Therefore, even though a child participated in a CYO sport during the current school year, they will be required to re-register. Please pass this information along to all CYO eligible youth at your parish and school

Parents can register their children by clicking on the Register Child link on the CYO Website at www.cyoarchindy.org and the registration steps are easy to follow once on the registration link.

The CYO Office is working with a company called Orgs Online to upgrade the registration process beginning this year. Some features we think will be popular include: registering multiple children within the same family at one time; eventually being able to consolidate the requirement to register with the CYO Office and the parish, as well as eliminating the need to re-enter all family information annually. This new program continues to offer the current features such as creating teams, assigning coaches, and assigning players. It also offers other exciting possibilities for those who choose to take advantage of its enhanced features. Those features will allow parish athletic directors to manage fee collection and uniform ordering and tracking.

Of course, there is more information than we can share in this communication, but know that additional information will be forthcoming. The most important message to relay at this time is please help us by getting the word out that all parents must go to the CYO Website to register their eligible children for the 2010-2011 school year. THANK YOU.
